

Libraries

April 6 Library Legislative Day

Library supporters from across the state will be at the Capitol to visit with legislators about school, public, and academic library issues. In keeping with our theme, *Libraries: Oklahoma's Partner in Economic Recovery*, we are asking legislators to maintain support for the Oklahoma Department of Libraries existing budget proposals.

Libraries are a core service. With an emphasis on building 21st century skills, libraries assist Oklahoman's to become a more engaged and educated citizenry through workforce development resources, small business support, technology training, and literacy.

Libraries: Oklahoma's strategic partner in economic initiatives.
