Each presentation can include a poster, a short talk, handouts, and/or PowerPoint presentation combined. Presenters should bring their own a freestanding poster board or other tabletop materials. An easel, a screen and laptop/data projector will be available for display of presentation materials.

We will have one one-hour session in which presentations can be made. Each entire presentation can be *no longer than 10 minutes, including questions.*

Presentations can introduce unique collections or services, or discuss a problem and the research, action, or methodology used to solve that problem. Or highlights from a research paper can be read and discussed.

Displays should be visually appealing (charts, photographs, diagrams, graphics, illustrations, etc.) and should also clearly state the purpose of the display.

Presenters can also bring handouts or other supplementary materials (no duplication services will be provided) and a sign-up sheet to record names and addresses of attendees who would like additional information.
